lenovo. FOR THOSE WHO DO.™

THE LENOVO® THINKCENTRE® E73 DESKTOP
ONE MACHINE. MULTIPLE ROLES.

4TH GENERATION INTEL® PROCESSORS
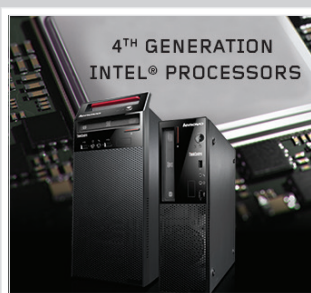

SUPERIOR PERFORMANCE

10% faster processing with 4th generation Intel® processors

INCREASED SECURITY

Individual USB port disable feature with BIOS and HDD password protection

FASTER STORAGE

Deploy Solid State Hybrid Drives (SSHD) for up to 10% faster performance

WORKSPACE INTEGRATION

Mini Tower and Small Form Factor (SFF) allow the E73 to fit comfortably in any environment

Introducing the Lenovo® ThinkCentre® E73, designed to balance performance and security in an elegant package. You can individually enable or disable USB port to prevent unauthorized data access and physically lock your mouse and keyboard to protect your hardware. This great security is complemented by great performance, via 4th generation Intel® Core™ i processors and the industry-first 3.5" SSHD. For the eco-conscious, the E73 is fully compliant with EPEAT® Gold and ENERGY STAR 5.2. Without a doubt, the Lenovo® ThinkCentre® E73 is a great investment for the ever-changing needs of growing businesses.

SERVICE OFFERINGS

Lenovo® offers a comprehensive portfolio of services to support and protect your ThinkCentre® investment. Focus on your customers and business, not your IT.

Keep Your Drive Services
Retains your hard drive or solid state drive and data in the unlikely event of drive failure.

Imaging
Provides a customized image based on the needs of your organization, maximizing your hardware investment.

Asset Tagging
Forms the foundation for a strong management program by providing information on your corporate assets. It reduces the risk of loss or theft of the valuable technology.

Asset Recovery Service
Provides secure, documented disposition of your I assets & data. It helps to minigate the enviromental and data security risks associated with end of life asset disposal.

Priority Technical Support[8]
Makes your priority, our priority. 24x7 priority call routing to advanced-level technicians, electronic incident tracking, and rapid response and resolution.

_____
8 Not available in all regions

Warranty Upgrades – Onsite and Next Business Day
Maximizes PC uptime and productivity by providing convenient, fast repair service the next business day.

Warranty Extensions (1-to-5 Years Total Duration)
This fixed-term, fixed-cost service helps accurately budget for PC expenses, protect your valuable investment and potentially lower the cost of ownership over time.
