

## Mimo Magic Touch Deluxe HD

UM-1070 10.1" USB Monitor

*A perfect solution for touchscreen control panels in such applications as corporate videoconferencing.*

### Magic Touch Deluxe HD

The Mimo Magic Touch Deluxe HD is an upgraded version of the popular Magic Touch Deluxe, now with higher resolution of 1366x768. This increased resolution will work better with the requirements of Windows 8, as well as anywhere higher resolution is desired. It is a perfect solution for touchscreen control panels in such applications as corporate videoconferencing, data entry/capture, smart home entertainment systems, and industrial/manufacturing controls. It is also ideal for a range of other touchscreen applications in healthcare, hospitality, retail, education, sound/video editing, and many other industries.

#### General Specifications:

- 10 point multi-touch capacitive touchscreen
- Dock/base also serves as a USB hub w/two convenient USB ports
- Fully compatible with Windows 7, 8, 8.1, Linux & MAC OS X
