Anti-Theft Case with Built-in Grip Stand

Keep your iPad Air 2 on hand wherever you go and rest assured that it will stay safe and secure under the protection of CTA Digital's Anti-Theft Case with Built-In Grip Stand. As the next evolution of anti-theft cases, this case is sleeker, more versatile and still just as secure and convenient as ever before. By simply sliding your iPad into the case, attaching the cord to a secure object and locking it up with the key, your tablet becomes a useful tool for any situation without fear of it being stolen. Whether for carrying, hanging, holding or propping, your iPad's use and display won't be limited thanks to the built-in grip stand, hand strap and a unique rotating capability. Plus, with this anti-theft case, you'll still have access to every port and button on the device. So, whether for a mobile workstation, retail display or point-of-sale stand, you can rely on the security and convenience of CTA Digital's Anti-Theft Case with Built-In Grip Stand.

Features Include:
• Tough ABS case & foam padding for impact resistance
• Lockable case protects against theft with galvanized twisted steel security cable lock
• Ideal security solution for office, retail, school, POS or commercial use
• Multi-functional grip stand ring rotates and adjusts for carrying, hanging, handheld or stand use
• Built-in stand rotates for horizontal or vertical support, adjusts viewing angles and folds flat
• Hand strap for a more secure holding grip
• Slim case designed for iPad Air, iPad Air 2, and iPad Pro 9.7 with access to all ports and buttons
