Armband Charger

with 4000 mAh Battery Pack for iPhones

ACTIVEWEAR

Armband Charger

Watch your phone keep pace, running alongside you, with CTA Digital's Armband 4000 mAh Battery Pack Charger for iPhone 6 / iPhone 6 Plus. With the 4000 mAh battery pack charger, this armband powers iPhone devices like the iPhone 6S and the iPhone 6S Plus with the endurance needed to be your perfect running partner. With features like access to the headphone jack on both the top and bottom of the band and separate compartments for your phone and battery pack charger, this accessory goes the extra mile in making your run, long-distance or short, convenient and comfortable. The combination of the fabric hook and loop fastener and the two grommet options lets this armband adjust to the size of your arm while giving it the strength to tightly secure your phone in place. CTA Digital's Armband 4000 mAh Battery Pack Charger for iPhone 6 / iPhone 6 Plus also provides a pocket for storage and a clear front window that gives access to the phone's touchscreen.

Fits iPhones up to the 6S Plus
