

# G610 ORION RED™

Backlit Mechanical  
Gaming Keyboard

## CRAFTED FOR GAMING.

G610 Orion Red Keyboard delivers a pure gaming experience. Starting with a performance-driven design, the keyboard integrates our most powerful technologies. From the finest details, like fingerprint-masking matte texture and durable braided cable, to the most complex, each aspect is precisely engineered to bring Logitech G's industry-leading technology and quality of construction to the uniquely crafted form. Cherry MX switches are standard in gaming keyboard. Long-life, low-noise Cherry MX Red switches have a linear keypress for rapid-fire actuation. Logitech Gaming Software allows you to customise the brightness of each individual key light, as well as your settings and F1 to F12 key macros.\*

\*Some settings require Logitech Gaming Software available for download at [logitech.com/downloads](https://logitech.com/downloads).
