## The DOD LS370W

**1080p full HD dashcam with  
Sony Exmor® CMOS sensor**

The DOD LS370W dashcam is the next step in evolution for the 300 series DOD dash camera. Designed to be compact, user friendly and better under low light conditions, the LS370W is an improvement over its LS360W predecessor.

This new model has an impressive high ISO sensitivity of up to ISO12800, making it the best in low light conditions. Further helping the LS370W produce outstanding video is its exclusive SONY exmor CMOS sensor that is now 20% larger than before. The SONY Exmor sensor captures all the light from the large f/1.6 aperture and new 7 element Japanese glass lens to produce a clear full HD video. Packaged together with WDR Technology (Wide Dynamic Range), which greatly enhances nighttime recording, and a wider field of view of 150 degrees, the DOD LS370W captures the unexpected on any road and under any light.

### PRODUCT FEATURES

- 1080p Full HD video recording
- 30 FPS recording for smooth playback on any screen
- WDR Technology records greater scene details especially at nighttime
- f/1.6 aperture provides the sensor with more light for better images
- 7 element glass lens helps capture a sharper and clearer image
- 150 degree Wide View Angle sees more and reduces distortion
- 2.7" Widescreen LCD display makes navigation and playback of video files easier
- Built in G-Sensor triggers a file protection of all video files
- in the event of an accident
- One touch on/off audio recording makes keeping conversations private simple
- SOS file locking saves files from being recorded over at the touch of a button
- Loop recording allows the dashcam to record over older video without interruption
- Parking surveillance mode (hardwire kit required) records even when you are away from your vehicle
- Motion detection turns the camera recording on when motion is detected
- Auto Power-on automatically starts recording when ignition is turned on

- 3.5M (11.5 ft.) Vehicle Charger (12V outlet)

- Mount bracket with suction cup
- 3M Adhesive mount
- Bilingual User manual
- DOD player installation CD

### PACKAGE CONTENTS

#### Sensor

SONY Exmor® CMOS Sensor

#### LCD Display

2.7" 16:9 Widescreen TFT LCD

#### Aperture

f/1.6

#### Field Of View

150°

#### Video Output

HDMI: CTS1.2 Compliant, Support 1080p/720p/ WVGA/VGA output mode. Composite: NTSC/PAL

#### Recording Resolution

HD 1080p @30fps – 1920×1080

#### Connectivity

USB 2.0 / HDMI / TV Out

#### Recording Media

External: MicroSDHC Card C10 (Up to 32GB)

#### Recording Format

MOV

#### Video Codec

H.264

#### Video Stamping

Date / Time

#### Operating Temperature

- 20°C ~ 65°C (- 4°F ~ 149°F)

#### Audio

Built-in microphone and speaker. (MONO)

#### Product Dimension

112.6(L) x 34.3(W) x 51.5(H)mm  
(4.43" X 1.35" X 2.02")

#### Product Weight

81g ( 0.18 lbs.)

#### Battery

3.7V 200mAh Lithium-ion Battery
