

Kids Headphone

Model 1534BK

CALIFONE® INTERNATIONAL LLC. | THE SOUNDS OF EDUCATION | 800-722-0500 | CALIFONE.COM

Help beginning readers prepare to meet ELA standards with the Kids headphone.

While sized for PreK-4th grade students, the streamlined design of this rugged stereo headphone makes it accessible to older students with a fit that's "just right".

Generously padded headband and ear cushions makes for comfortable listening, so the technology fades into the background and the lesson itself remains as the priority.

The 1534BK is built for listening in demanding classroom environments beginning with ABS plastic, which isn't typically used in consumer headphones. Its passive noise reducing earcups fit around, not on, their ears to better block external sounds and help students stay focused on the task at hand.

The audio playback is calibrated to enhance the tonal range of the human voice in language learning.

Compatible with Chromebooks, iPads, iPhones, Galaxy, Surface, laptops, desktops, & MACS. [Click to read more.](#)

3-Year Commercial Warranty

Covers use in schools, which is considered to be a commercial / industrial application. The warranty on headphones made for consumer use is voided if used in school. [Click to read more.](#)

Features

1. Padded headband comfortable enough for extended wear
2. Fully adjustable to fit PreK-4th grade students & older
3. Noise-reducing circumaural earcups lower external noise so volume needn't as high, for hearing safety
4. Reinforced entry point of the cord into the earcup
5. Universal 3.5mm plug
6. 6' straight cord long enough to avoid accidental pull out
7. Inline volume controls ideal for use in assessments
8. Slotted baffles protect the inner speakers from damage
9. Rugged ABS plastic headstrap and earcups resist breakage in high-use situations, replaceable leatherette ear cushions
