Secure Charging Cart for Notebooks, Chromebooks or Tablets

Rear door: inside view of QUICK↓SET cable management

Model # DS-UNIVAULT-30

- Secures and charges up to 30 notebook PCs (up to a 15" screen), Chromebooks or tablets on three shelves (10 per shelf), stored vertically

- Innovative and secure three-point locking system: simply *the most secure* cart of its type, *anywhere*

- Rear locking door with access only to the power strips and cabling; allows fast, easy, secure set-up

- Power supply bricks plug directly into IEC adapted outlets. This removes 108 feet of cabling, making the installation/integration of the cart quicker and neater than any conventional cart (QUICK↓SET).

- 36 UL-listed power outlets; two auxiliary outlets configured for any block plug use; single exit cord; external lighted on/off switch, IEC adapters included

- Molded cord wrap brackets for safety and convenience

- ABS fire-rated plastic dividers; removable and adjustable in ¼" increments

- Padded handle for easy pushing

- Additional equipment can be placed on top

- Meets all applicable safety standards

- Four 5" medical grade wheels (4 swiveling; 4 locking)

- Color-coded keying for front and back compartments

- Unique ID card system for naming cart

- Weight: 169 pounds (empty)

- Dimensions: 24.5"W x 23.3"D x 45"H

- Proudly made in the USA
