

Expression Premium XP-640

DATASHEET

Produce outstanding photos and crisp, clear text with this Wi-Fi, all-in-one, with individual inks, a large LCD screen and two paper trays

Produce your very own high-quality photos and text documents at home with our XP-640. You can replace just the colour you've used, as it uses individual ink cartridges. Enjoy the freedom of printing away from your desktop with Epson Connect, which offers a range of mobile printing options. It also has a colour LCD screen and a range of additional features.

Best of both worlds

Create outstanding photos and crisp, clear text documents with the five-colour Claria Premium dye and pigment ink-set. Photographs will be crystal clear with vibrant colours and deep, rich blacks thanks to the addition of a Photo Black ink cartridge. The use of individual ink cartridges means only the colour used need to be replaced to help save on ink costs.

Mobile printing

Printing photos and documents on the go is easy with the XP-640. Unlock the potential of your smartphone or tablet by downloading the iPrint app¹ to print and scan wirelessly. Make the most of your Facebook photos with the Creative Print¹ app, which allows you to print photos directly, create custom greeting cards, turn photos into colouring book templates, and plenty more. In addition, you can email documents and photos directly to the printer from almost anywhere in the world with Epson Email Print¹.

Easy to use features

For easy navigation, the XP-640 comes with a 6.8cm LCD screen and touch panel. Dual paper trays and fast, double-sided printing can help to save time and paper. Users can also slot in a memory card and follow the helpful menu prompts to print photos without a PC. It's also possible to print on suitable CDs and DVDs.
