

visioneer **ROADWARRIOR™ X3**

COMPREHENSIVE MOBILE SCANNING SOLUTION

Data is the lifeblood of every business and in today's digital workplace, companies need to unlock and capitalize on data locked in documents in various forms.

The Visioneer® RoadWarrior™ X3 is the perfect mobile scanning solution for users who need to scan a wide variety of documents regardless of where they are. The solution helps organizations bring disparate information and disconnected mobile workers together, ultimately improving collaboration and overall business processes.

RoadWarrior X3 is a sleek, light-weight portable scanner that is the size of a rolled up magazine, making it easy to pack away in a laptop bag when employees are on-the-go. Additionally, it's powered by a USB port so you can scan anywhere – even when AC power is unavailable.

You can scan receipts, business cards, magazine articles, newspaper clippings and even photographs – fast. This versatile compact scanner will handle any document up to 8.5" (216 mm) wide and 32" (813 mm) long and convert to PDF, JPG and other popular file formats.

The RoadWarrior X3 produces clear and sharp scans of any document—color or black and white. Real world documents are never a problem for the RoadWarrior X3, as Visioneer Acuity technology enables the scanner to instantly improve the visual clarity of every scanned image. You'll get perfect scans from imperfect originals.

Tidy up your organizational system

We live in a mobile world of work and the workforce is working more and more outside the office walls, so why make your employees wait until they get back to the office to organize important business documents from a day's worth of appointments? Arming your workforce with the RoadWarrior X3 will allow them to get the business-critical information stored on the documents, into digital forms for all employees to organize and access whenever and wherever they want to.

Release your scans

Once all of your papers are scanned and organized, you can easily send them and share the valuable information they contain with your team, clients or headquarters. When you scan documents into a searchable PDF format, that information can be shared with anyone—and quickly found later, saving organizations time and money.

Mac OS X solution

And for Mac® users, we provide the most fully featured TWAIN™ driver in the market today, ICA support, and a simple, yet powerful Scan Utility, allowing you to get started right out the box.

Scan receipts, business cards, documents, and handwritten notes.

Organize your documents and leave the paper behind.

Share your scans and information via searchable PDF files.

USB Powered:
No AC power connection needed to use the RoadWarrior X3 scanner

RoadWarrior™ X3 Includes These Software Solutions

Visioneer® Acuity

Visioneer Acuity with DriverPLUS technology enables your scanner to instantly improve the visual clarity of scans. Using advanced algorithms, Acuity will intelligently correct documents containing imperfections, improve quality of scanned images for archiving, increase OCR accuracy, and save time.

Visioneer® OneTouch™

OneTouch connects your scanner with a powerful set of settings so that with one touch the scanned document is automatically sent to email, your printer, a file folder, or to one of many cloud destinations

Nuance® Power PDF

Nuance® Power PDF is the smarter PDF software choice for businesses, small and large. Combining powerful functionality,

superior Microsoft® Office® support, built-in intelligence, DMS integration, and intuitive ease of use, Nuance Power PDF provides everything you need to create, convert, edit, assemble, and securely share PDF files for increased productivity, enhanced collaboration, and improved compliance.

Nuance OmniPage® Ultimate

OmniPage Ultimate provides a precise OCR and layout retention solution, quickly turning scanned documents into editable, formatted text. The text can then be used in virtually any word processing, desktop publishing or web publishing program.

Nuance PaperPort®

Nuance PaperPort® combines the efficiency of document

management, the convenience of superbly scanned documents and the power of creating PDF files, to bring a new level of operational proficiency to your workflow.

ABBYY® Business Card Reader 2.0

Business Card Reader 2.0 turns scans and digital photographs of business cards into actionable contacts in seconds. It automatically extracts information from business cards and exports the data to into Salesforce® and Microsoft® Outlook®. Highly accurate, Business Card Reader preserves the original information precisely and places it into the corresponding fields. The software also works with and processes card images captured by digital cameras and mobile devices.

Mac® TWAIN™

The Mac TWAIN driver offers all of the features of Acuity Image cleanup built in, including Blank Page Removal, Auto Color Detect, Auto Rotate and much more. It also includes a digital endorser to add text to your images, the ability to read barcode data (3rd party software required to interpret barcode data), and Merge 2 sides.

Visioneer Scan Utility

A simple but effective scan utility allows you to take full advantage of all of the drivers' features. Simply put, set your driver preferences, select an image format and file destination, and start scanning.
