

PenPaper 5x8 Digital Notepad for iPad and Bluetooth Tablet for Windows

The PenPaper digitally captures and sends everything you write or draw by using pressure sensitive, battery-free and digital pen with ink on ordinary paper to your iPad in real time via Bluetooth. With PenPaper Note App, select pen functions and view, edit, organize and share your handwritten notes on your iPad.

In Windows, it is a Bluetooth tablet device supporting the Ink Tools in Microsoft Office or Adobe Photoshop CC.

Compact, Familiar and Natural

- Using PenPaper, instantly & digitally store your notes, memos, ideas, sketches, drawings and flowcharts in your iPad.
- Ultra-thin & light digital pad about 204 g (7.2 oz.).
- Using a 5" x 8" paper notepad up to about 50 sheets of paper.
- Automatic shutdown after 30 minutes.
- its rechargeable battery lasting about 8 hours with continuous use.
- Pressure sensitive (1024 levels), battery-free and digital pen (12 g / 0.42 oz.) like a normal ball pen with a regular and replaceable ink cartridge.

Simple and Manageable App

- The PenPaper synchronizing your writing on the writing area (5" x 7") of paper notepad with the current page in its App.
- Your handwriting on the PenPaper displayed in its App according to the options you select in its App such as pen style, color and line width.
- Organizing, editing and viewing your book files.
- Page thumbnails function.
- Importing the photos or taking photos into a page.
- Exported as PDF and JPG file.
- Sharing your handwriting or sketches in Community or Communication Apps.

We need to prepare the following stuff for this beach vacation:
