**Overview:**

Aluratek's Digital Photo Frames are a wonderful way to bring your treasured photos and memories to life with incredible image clarity in rich and vibrant colors all on the TFT true color LCD at 800 x 600 resolution at an ideal 4:3 aspect ratio. The functional and stylish frame makes a great addition to any room of your house or office environment. With memory card reader and USB support, it is easy to transfer and store all your favorite photos.

What separates Aluratek digital photo frames from other brands is picture quality, ease of use, and affordability. You will not find a better quality image or video than what an Aluratek digital frame can deliver thanks to the best quality "true digital" LCD panels that are available on the market for production. Combined with an easy-to-use interface, wide format support, auto on motion sensor and the simplicity of automatic playback, Aluratek digital photo frames are the best choice for storage and sharing of your precious memories with family, friends, and coworkers.
