

# AVerCharge C30i+

## 30 Device Intelligent Charging Cart

- Easy cable management
- Intelligent charging
- Compact footprint
- Adjustable and spacious slots
- 10-year mechanical and 5-year electrical warranty included
- Onsite service and repair

### Multi-Device Support

C30i+ charges up to 30 Chromebooks, laptops, or tablets up to a 15" screen.

### Safe, Easy, and Accessible

Slide-out shelves lower risks of damaging devices and make it easier for teachers and students to store and retrieve devices.

### Space-Friendly Design

The 27" wide footprint takes up minimal classroom space and enables more room for teachers to engage with students.

### Supports Personalized Learning

C30i+'s adjustable dividers provide classrooms with the freedom to manage a mix range of devices all in one solution.

### Seamless Charging

The perks of having a charging cart with a brain of its own: no programming, no monitoring, and no overloaded circuits!

### The latest and Neatest Cabling Technology

Cords are locked into the cable channels along the top of dividers and secured with a locking latch making it simple to plug and unplug devices.
