# Bluetooth® 3.0 Mini Keyboard 2000 for Windows

Antimicrobial

Water Resistant Keys

Multimedia Hotkeys

Compact & Portable

## Antimicrobial & Water Resistant with Silent and Fast Keys

The silicone material used in this keyboard will protect it against spills and let you wash it regularly to keep it germ free. Unlike other silicone keyboards, the rigid backing on this keyboard provides a fast response, while the tactile key switches are almost silent.

## Bluetooth® 3.0 Wireless Technology

Bluetooth® 3.0 wireless technology offers an instant connection to your Windows PC or tablet plus lower battery consumption, higher security encryption, and an 8x faster transmission speed than Bluetooth® 2.0, with a wireless distance of up to 30 feet.

## Multimedia and Internet Hotkey Shortcuts

Control your media player and browse the Internet with just one key using the built-in Multimedia and Internet hotkeys for easy access to your favorite media or websites.

## Compact and Portable

This keyboard is thin and compact, measuring only 9" in length, so you can easily take it with you when you travel or with any Tablet's case.

## Specifications:
