

SCS8181ENS Combi Bottom

NATURE'S FRESHNESS PRESERVED.

A stunning meal starts with impeccable ingredients, lovingly sourced and prepared fresh from the earth. Our Twintech system ensures your produce is stored at the optimum temperature and humidity levels, meaning fruit and vegetables stay crisp and fresh for longer, ensuring the flavours that nature provided live on in every bite.

Control the fridge freezer's all settings,

the temperature display with advanced Touch Controls lets you take full control of the storage conditions of your food. The controls are so sensitive that you can adjust the settings precisely with just the lightest touch of a finger. The display relays feedback about the current temperature and functions selected.

Bright and even light that shines into every corner of your fridge

LED lights represent the most cutting edge lighting technology, which is why AEG-Electrolux has integrated them inside this fridge freezer. The internal LED lighting produces a brighter light, which shines evenly across the whole space. Plus, LED technology is smaller and more energy efficient, for more space inside and lower energy bills.
