

GCS72DPKIT

## 2-Port USB VGA Cable KVM with DisplayPort Adapters

### 2-Port Cable VGA / DisplayPort KVM Switch

- Switch between two computers with the push of a button
- Offers the flexibility to mix and match computer connections: VGA and DisplayPort
- Includes 2 x DisplayPort to VGA adapters
- No external power needed
- Cost effective, Plug-N-Play solution

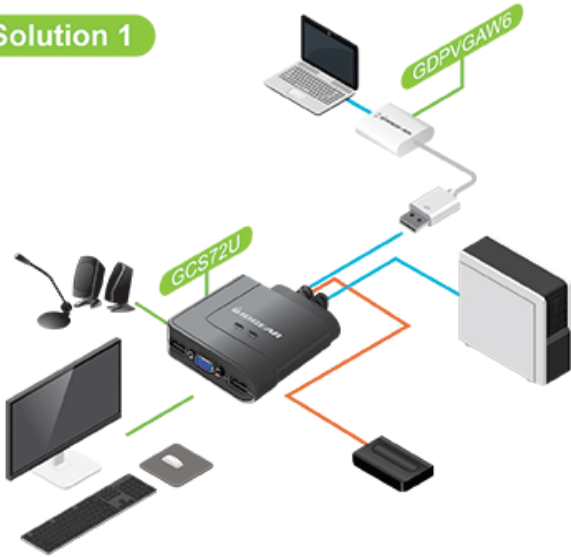

### Flexibility to Choose VGA and/or DisplayPort

You finally have the flexibility to mix and match your video options with this kit, streamlining and developing efficient workstations by eliminating multiple desktop setups. With the included adapters, IOGEAR's VGA and DisplayPort KVM Solution simplifies the method of sharing two computers using one VGA monitor, keyboard and mouse. This bundle is perfect for a home office or small / medium size business, as it offers the flexibility of choosing between VGA and/or DisplayPort connections. Take advantage of your existing DisplayPort computers, and use the included adapters to view your content on a VGA projector, monitor, or display.

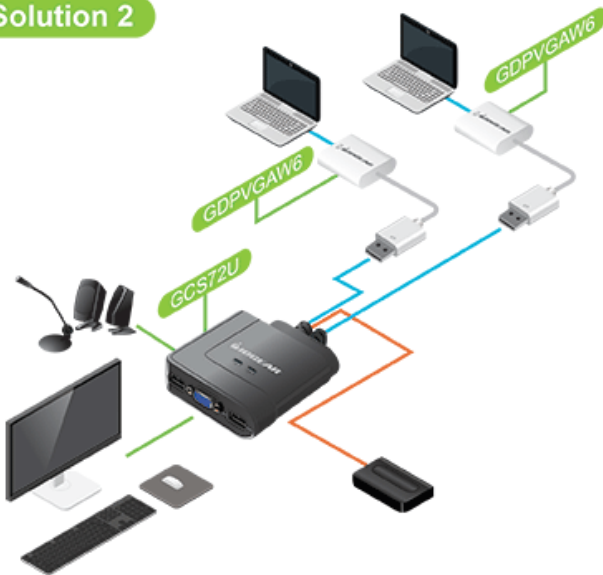

- Switch between two computers with the push of a button
- Offers the flexibility to mix and match computer connections: VGA and DisplayPort
- Includes 2 x DisplayPort to VGA adapters
- No external power needed
- Cost effective, Plug-N-Play solution
- One USB keyboard, USB mouse, and VGA monitor control two computers
