

## 8,000mAh Dual USB 2.1A Power Bank with 32 LED Lantern

---

A convenient tool to recharge your portable USB devices for the house, car, toolbox, camping, hiking or backpacking.

**Overview:**

Aluratek's 8,000mAh Dual USB 2.1A Power Bank with 32 LED Lantern is a convenient tool to recharge your portable USB devices. The durable and lightweight design makes APBQ08F perfect for the house, car, toolbox, camping, hiking or back-packing or any outdoor adventure.

Enjoy hours of constant use between charges from the 8,000 mAh built-in lithium-ion rechargeable battery. Charge your USB devices like smartphones, tablets, video cameras and GPS devices via the built-in USB charging port. You can adjust the brightness of the lantern at the touch of a button and also select an SOS mode for use in any emergency situation.

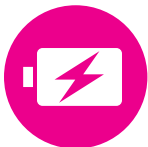

**Features:**

- Built-in 8,000mAh lithium-ion rechargeable battery with dual 5V/2.1A max combined output to quickly charge any USB mobile device (Original charging cable required)
- Two USB powered devices can be charged at the same time
- Charge USB devices like smartphones, tablets & video cameras
- 32 LED lantern provides 384 lumens of light output for up to 50 hours (25% brightness) on a full charge
- 3 light modes - high light, low light and strobe
- Takes 5 hours to fully charge the power bank from a USB power charger/adaptor (USB charging cable included)
- No USB port? Charge the battery through the 300mA built-in solar panels\*
- LED charge status indicators
- Limited 1 Year Warranty

\*It is recommended to charge via USB for shorter charge time

**Long Lasting Light**

The charger features 32 super bright LED bulbs that provides 384 lumens of light output. Choose between three light modes - high, low or strobe. Works up to 50 hours (25% brightness) on a full charge so you will never be left in the dark at the campground, in your backyard or during a power outage.

**Rapid On-The-Go Charging**

Perfect for on-the-go charging anytime, anywhere. Includes dual USB charging ports at 5V/2.1A output with over-charge protection to quickly charge two devices simultaneously. The device features LED charge status indicators so you will always know how much power you have.

**No More Batteries**

Never waste money paying for batteries again. APBQ08F features a built-in charging port with an included USB charging cable so you can recharge the internal 8,000 mAh battery through any USB power charger/adaptor. No USB port? Charge the battery through the built-in solar panels.

**Designed for the Outdoors**

Weighing only 10 ounces, the power bank includes a durable rubber case making the power bank perfect for your outdoor lifestyle. Use the included carabiner to attach to the rubber case and hang for use as a lantern. Or, attach the carabiner to the power bank and clip it to your backpack, purse or belt loop.

**Package Contents:**

8,000mAh Dual USB 2.1A Power Bank with 32 LED Lantern, USB Charging Cable, Carabiner, Quick Start Guide, Registration Card

**Requirements:**

- USB port to charge the internal battery
- Original charging cable belonging to your mobile device
