IT'S TIME TO RETHINK STEAM

The Sharp® Superheated Steam Countertop Oven is the start of a cooking revolution. The innovation is simply that steam can be hotter, cook better, and promote healthy living. The combination of superheated steam and conventional, radiant heat in all cooking modes means that your food will be crispy and browned on the outside, moist and delicious on the inside.

The Sharp® Superheated Steam Countertop Oven is a powerful, low-profile, pizzeria-style oven for your home. Roomy enough for a 12" pizza or 9 slices of toast, the included Broiling Pan and Crisper Tray (12.5"x12.5") gives you more cooking area than a standard quarter-size sheet pan.

The bright and easy-to-read display keeps the control at your fingertips. Thanks to the premium stainless steel finish and hidden baking element, cleanup is fast and easy - simply wipe with a damp cloth inside and out.
