Nutri AirFry 3.6L XL Digital Air Fryer

Fry food faster and healthier with Chef Di Cucina's Nutri AirFry Air Fryer. It can be difficult to resist the urge to indulge in unhealthy fried foods, but thanks to the Nutri AirFry you can take the next step towards a healthier lifestyle without having to give up on the taste of fried foods that you love. What's the secret? The Nutri AirFry uses high velocity rapid air circulation technology while using little to no oil to fry, grill, roast and even bake healthy meals, snacks and treats. Now you can get the delicious taste of fried food from the comfort of your kitchen to satisfy your cravings with less calories and fat than traditional fried cooking methods.

Cook a variety of items in 30 minutes or less like french fries, onion rings, chicken nuggets, chicken wings, meatballs, bacon, fried chicken, steaks, chops, fish, fried shrimp, grilled cheese, roasted vegetables, eggs, quiche, hamburgers, muffins, hand pies, donuts, etc., the possibilities are endless! You can even cook two different food items at the same time utilizing the fry basket food separator. The result? Whatever you cook, you can expect a tasty crispy texture while having a juicy and moist middle.

- ✓ **THE HEALTHY ALTERNATIVE** - Easily create healthy flavorful dishes in no time. Perfect for frying, grilling, roasting and baking.
- ✓ **80% LESS OIL** - Get the delicious taste of fried food using little to no oil with less calories and fat than traditional fried cooking methods.
- ✓ **FAST, CONVENIENT & QUIET** - Convection fans rapidly circulate heated air to ensure food is evenly cooked and crispy in 30 minutes or less.
- ✓ **3.6L** - Large fry basket so you can feed the entire family.
- ✓ **DIGITAL CONTROLS** - Features temperature controls, custom timer and seven preset cooking times.
- ✓ **SAFE, EASY TO USE** - No splatter, no mess. Includes a removable non-stick frying rack.

The Healthy Alternative

Discover a healthier way of frying with little to no oil that reduces fat and calorie intake compared to conventional oil frying. The 3.6L fry basket allows you to cook fast and delicious meals for your entire family to enjoy. The air fryer can even cook up to an 5 pound turkey breast or 3 pound whole chicken.

Digital Controls

The Nutri AirFry makes air frying fun and easy to do. The air fryer features a large digital LCD display, temperature controls and a custom 60 minute timer.

Convenient Cooking

Experience the joy of fast, convenient and quiet air frying. Powerful convection fans rapidly circulate heated air to ensure your favorite foods are evenly cooked and crispy in 30 minutes or less. The Nutri AirFry is also a great way to reheat leftovers. Simply adjust the temperature from 176°F - 390°F using the digital controls. The air fryer is designed to enter stand-by mode anytime the fry basket is removed during the cooking process. Sliding the basket back in will resume cooking. When the cooking cycle is complete, the fryer will automatically switch off so your food will never overcook.

Safe To Use, Easy To Clean

Cooking and cleanup with the Nutri AirFry is a breeze. There's no smell, no splatter, no mess. The 3.6L fry basket is non-stick making removing food and grease easy after cooking. The fry basket and non-stick rack are dishwasher safe. The air fryer comes built with many safety features like non-slip base, auto shut off, double protection circuit detection and cool to the touch easy grip handle.
