

Sit-Stand Desk Converter with Monitor Arm - 35" Wide Work Surface - For up to 30" Monitor

Product ID: BNDSTSLGPVT

The sit-stand desk converter with pole-style monitor arm enhances your productivity and comfort. This ergonomic desk solution includes two products: the spacious sit-stand workstation (ARMSTSLG) and the single monitor mount (ARMPIVOT), supporting a monitor up to 30". The monitor mount provides extended height adjustment along the pole, and tilts for optimum viewing.

With one touch, switch your position from sitting to standing or vice versa, to keep a balanced level of movement throughout the day. The height-adjustable standing desk workstation features a pneumatic spring that makes it easy to raise or lower your work surface up to 15.7" (400 mm), to suit your height requirements (instead of selecting from pre-determined heights). You can also adjust the tension, to make height adjustments even easier.

The included monitor mount features a support post that's 11.89" (302 mm) tall, for a much greater height-adjustment range than a typical monitor stand can provide. Adjust your viewing angle with +90/-15 tilt. The monitor mount also supports landscape-to-portrait display rotation.

Simply place the sit-stand desk converter on your existing desk (minimum 26" depth). Then, attach the monitor mount using the grommet hole and included grommet-mount hardware.

The BNDSTSLGPVT is backed by a StarTech.com 2-year warranty and free lifetime technical support.

Certifications, Reports and Compatibility

Applications

- Create a single monitor sit-stand workstation for business, corporate, institutional, or home office use
- Install ergonomic desk solutions while saving cost by utilizing existing desks and work spaces

Features

- Place the sit-stand workstation on your existing desk to create an ergonomic stand-up desk, with spacious 35" (0.9 m) wide work surface
- Lever-controlled pneumatic spring for easy height adjustment (max height adjustment range: 15.7")
- Single monitor mount supports one monitor up to 30"
- Arm offers wide range of height adjustment along the pole, up to 11.89 in. (302mm)
- Monitor arm provides +90/-15 tilt, and 360 rotation around the support post
- Minimum footprint: 660 mm (26") D x 889 mm (35") W
- Sit-stand workstation features high-quality construction, engineered with steel and MDF wood base, tray and work surface
- Straight up and down movement, provides a stable workstation with no fear of tipping

Hardware

Warranty	2 Years
Wallmountable	No
Cable Management	Yes
# of Displays Supported	1
Articulating	Yes
Mounting Options	Grommet Hole Mount
VESA Hole Pattern(s)	75x75 mm 100x100 mm
