

28LJ430B-PU

LED HD 720p TV

28"

* Class size: See below for details.

LED
HD 720P
Dual HDMI
USB 2.0

DESCRIPTION

Enjoy movies and more with bluer skies, greener grass and more natural skin tones, all brought to life in crisp, clear 720p high definition with the exceptional brightness and energy efficiency of an LED backlight.

KEY FEATURES

LED

An array of light-emitting diodes (LEDs) across this LG TV brings exceptional brightness to the beautiful high-definition picture. LEDs are also extremely energy-efficient while enabling a slimmer, more stylish cabinet design.

HD 720P

Get a crisp, clear picture in 720p high definition that's rich with detail and no distracting flicker.

Dual HDMI

For high-performance viewing, the integrated HDMI (high-definition multimedia interface) ports let TV watchers connect audio and video devices quickly and easily using a single cable. Version 1.4 brings some of the latest audio/video features.

USB 2.0

Play movies, videos, music and more in a flash directly from a thumb drive or external hard drive that connects to the television through built-in USB 2.0 ports.

LG HD TV
