## Gas Spring Sit-Stand Desktop Workstation - Black Finish

The sturdiness and intuitiveness of a sit-stand has become one of the biggest indicator of quality in this market. However, the EZPED32 demonstrates a high caliber in both aesthetics and stability. We incorporated high quality material of which can withstand a great amount of weight. We ensure not only a solid base but one that does not take up too much space in order to maximize desk space and productivity.

The workstation will remain stable even during typing along with the keyboard tray rest that is engineered to ensure optimal ergonomics for long usage. In order for the user to transition easily, the height can be adjusted with the built in squeeze lever.

- Built-In gas spring allows you to stand up with little effort.
- Built-in spring gauge for perfect weight adjustment
- Large solid base to ensure stability at any height
- Large surface for placing more devices (tablets, laptop, desktop)
- Cable management system for added organization
