FULL SPECTRUM DUAL DRIVER  
IN-EAR HEADSET

VICTORY  
ANTHEM.

Swappable  
eartips

Memory  
form cable

## INFORMATION

The ROCCAT® Score is designed for mobile gamers who expect their in-ear headset to provide the same big sound as their desktop option. With a unique dual-driver design, it delivers powerful bass and crisp, clear mids and highs – for a full-spectrum sound. Tune in to your own victory anthem now.

### DUAL DRIVER

10mm and 6.8mm drivers provide powerful bass and precise mids and highs. An acoustic chamber blends both sounds for perfect audio while passive noise-canceling blocks out background noise.

### COMFORT & FIT

Featuring an earhook design with a memory-form cable that you can micro adjust to the contours of your ear. A number of different eartips are included, ensuring a perfect fit is guaranteed.

### VOCAL CLARITY

The Real-Voice microphone accurately transmits the full vocal range. An in-cable button allows you to mute your mic as well as control your music. An adapter is also included for PC and Mac use.

## FEATURES

- Dual-driver design – full-spectrum sound with deep bass
- Max-comfort fit with extremely light, form-fitting design
- Passive noise canceling eliminates unwanted background noise
- Real-Voice mic accurately transmits full vocal range
- In-line remote for easy audio control on the fly
- Memory form molds snugly to your ears' contours
