

VisionTek®

VisionTek Radeon 7800M Digital Signage GPU

VisionTek Part# 900882 UPC 7 84090 03471 7

The VisionTek Radeon 7800M offers advanced video and display technologies, as well as support for DirectX 11 for the most versatile solution for digital signage. Designed for full sized systems, you can make use of amazing multimedia capabilities utilizing AMD ZeroCore Power Technology. The 7800M also offers more workspace by supporting up to six monitors.

Microsoft DirectX 11

Get amazing Eye-Definition graphics with DirectX 11 technology. DirectX 11 is the very latest in high-speed, high-fidelity gaming and computing. Featuring technologies like Compute Shaders, Direct2D, Multithreaded Rendering and Tessellation, DirectX 11 can enable not just more visually stunning games, but significant performance improvements in some of your favorite websites and everyday applications.

AMD Eyefinity Technology

Get immersed in gaming, productivity and entertainment on up to six displays simultaneously. Supporting multiple independent display outputs simultaneously, AMD Eyefinity technology delivers innovative graphics display capabilities enabling massive desktop workspaces and immersive visual environments for the ultimate panoramic computing experience.

AMD App Acceleration

Powered by a set of innovative hardware and software technologies working in concert behind the scenes, AMD App Acceleration technology gives you enhanced speed and performance beyond traditional graphics and video processing. With the App Acceleration technology, you can enjoy beautifully rich and clear video playback when streaming from the web, take in your favorite movies in stunning, stutter-free HD quality, run multiple applications smoothly at maximum speed and enjoy lightning fast game play and realistic effects.

AMD FirePro

Utilizing the AMD FirePro technology, this card provides support for all your CAD, CGI and digital content creation. Create stunning Digital Signage in the workplace and retail locations to inspire employees and engage customers.

SPECS:

Graphics Engine: Radeon 7800M
Video Memory: 2GB DDR5
Memory Interface: 128-bit
DirectX® Support: 11
CrossFireX Support: Yes (software mode)
Bus Standard: PCI Express 3.0 x16
Core Speed: 800MHz
Memory Speed: 1125MHz
Ports: 6 x Mini DisplayPort
Number of Monitors Supported: Six
Warranty: One Year

SYSTEM REQUIREMENTS:

- PCI Express® based PC is required with one X16 lane available
- 400 Watt or greater power supply recommended (500 Watt for AMD CrossFireX™ technology in dual mode)
- Minimum 1GB of system memory
- Installation software requires CD-ROM drive
- The operation of AMD CrossFireX™ technology in dual mode requires a second AMD Radeon™ 7800M graphics card and an AMD CrossFireX ready motherboard
- Windows 7 x64-Bit
- Windows 10 x64-Bit

WHAT'S IN THE BOX:

- 1 x Radeon 7800M Graphics Card
- 1 x FirePro Drivers CD
- 3 x mDP to DVI-D Active Adapter
- 3 x mDP to VGA Active Adapter
