Audio / Video Module for Conference Table Connectivity Box

Product ID: MOD4AVHD

Add convenient A/V connectivity and network access to your boardroom, classroom or huddle space. This audio/video module makes it easy to connect HDMI, DisplayPort and VGA laptops to your room's HDMI display.

Conveniently Connect to a Display

Modern office environments need to support technology more than ever, to keep laptops, phones and tablets connected. During meetings, lectures and conferences, you may need to present content from your laptop to a display or projector.

This A/V module simplifies connectivity and collaboration with automatic switching and conversion. It lets you connect your HDMI, DP or VGA laptop to a shared HDMI display or projector, without the hassle of menu and input selections. And, the module automatically switches to the most recently connected or powered-on laptop. Installing the module is easy, requiring just a single HDMI cable between the module and the display.

Customize to Your Exact Needs

Architectural connectivity is quickly becoming the trend when designing a boardroom or huddle space. StarTech.com A/V modules let you:

- Customize A/V connectivity according to the specific needs of your space
- Install in easy to access locations

You can install this A/V module as a standalone solution using the supplied table-mounting bracket. Or, you can install it as an accessory in a StarTech.com single-module (BEZ4MOD) or dual-module (BOX4MODULE) conference room table connectivity box (each sold separately).

MOD4AVHD is backed by a StarTech.com 2-year warranty and free lifetime technical support.
