

## Wall Support Kit for 18 in. Cable Runway, Straight and 90-Degree - Hardware Included

MODEL NUMBER: SRLWALLSPPT18

Easy-to-connect wall support kit safely and securely mounts to a wall surface to support 18 in. cable runway.

### Features

**Cable Ladder Bracket Kit Secures Your Data Center's Runway System on a Wall** This SmartRack cable runway wall support kit creates a secure connection between your server rack and the wall of your server room or data center. All mounting and installation hardware is included for attaching a ladder to a wall, except for appropriate fasteners to secure the durable steel wall bracket. The mounting surface must be able to support the combined equipment load safely. Be sure to use suitable mounting means when installing to cinder block, concrete, drywall or wooden studs. The SRLWALLSPPT18 is designed for use with Tripp Lite's 18-inch (457-millimeter) SRCABLELADDER18, SRL90BEND18 and other compatible straight and 90-degree ladder sections.

### Highlights

- Securely connects cable management ladders to the wall of your data center
- Ladders can be safely routed from the wall to outside an enclosure or open frame rack
- Compatible with both 18 in. (457 mm) straight and 90-degree-bend ladder sections
- Works with all 18 in. Tripp Lite SmartRack® ladder system accessories and runways

### Applications

- Secure a ladder runway system against the wall of your data center or server room.

### System Requirements

- Compatible with 18 in. (457 mm) straight and 90-degree-bend ladder sections, including Tripp Lite SRCABLELADDER18 and SRL90BEND18

### Package Includes

- Wall bracket
- (2) M8 J-bolts
- (2) M8 lock washers
- (2) M8 hex nuts
- Installation guide
