

PAD-CFDCMS

Custom Flex Security Desk Clamp Mount

For 7"-14" Tablets

Easily adjusts for horizontal or vertical views

Custom Flex Security Desk Clamp Mount

This flexible tablet mount lets you create a custom security workstation for your tablet on the fly. Its heavy-duty clamp base attaches to a desk or pole with no-slip rubber pads, tightening with a rotary grip handle, while the adjustable security holder locks your device in place with an included key. For an additional measure of protection, a galvanized steel cable attaches to a slot at the back of the holder, anchoring the stand at the other end to any permanent fixture. The durable metal arm features two 180-degree rotating joints, plus omnidirectional ball sockets at the base and headpiece, for virtually infinite positioning options. The tablet holder accommodates easy portrait and landscape orientations.

Features:

- Powerful lock and key security holder
- Heavy-duty clamp grips tabletops or poles
- Two 180-degree rotating joints
