

## AW315 DUAL MIC WITH SMART PAIR

Never miss a word with full room audio

### WIRELESS MICROPHONE SYSTEM

The AW315 provides reliable operation with its dual antenna and two wireless microphones. With 2.4 GHz wireless technology and noise reduction, this hands-free design not only gives presenters total freedom to interact, it also delivers clarity and reliability for hassle-free presentations.

AW315 mode selector provides a simple selection in both line out and mic out modes. The line out mode is suitable for common speaker systems with 3.5 mm line in jacks, such as PC speakers or projectors with 15W or higher speakers. The mic out mode is suitable for classrooms with built-in audio systems and 6.3 mm microphone jacks.

### SUPPORTS DUAL 2.4 GHz MICROPHONES

Deliver natural voice in great clarity

### LINE AND MIC OUT MODES

Easily switch output modes

### SMART PAIRING

Automatically pair your mics

### BUILT-IN GROUND NOISE ISOLATOR

Reduce noise caused by ground loop interference
