Features

3-ft. (0.91 m) Extension Cord Connects PCs, Printers, Monitors and Other EquipmentThis cord is recommended for home/office desktop computer applications, home theater setups or other applications where multiple devices are plugged into a surge protector, PDU or UPS system. It allows you to connect bulky power adapters to a NEMA 5-15R outlet without blocking adjacent outlets. It's also an excellent replacement for a lost or worn-out extension cord. The three-foot length helps reduce cable clutter and minimize the risk of tripping.
