

ViewSonic® COMMERCIAL DISPLAY ACCESSORIES

VSB050

Key Features

Product Description

Experience ultimate productivity and easy connection with ViewSonic VSB050. Supporting a dual-band 2.4GHz and 5GHz WiFi, you can effortlessly share high-quality content during wireless presentations. The device also features Bluetooth 4.2 for high-speed Class 1 and 2 data transfers. Live a clutter-and-cable-free life when you stream your documents and multimedia files wirelessly from your device to any interactive display or projector*.

*The display or projector must be connected to a ViewBoard Box.
