

Adapt4 USB-C

Charging Station

**Easily Add Convenient,
Supplemental USB-C Charging
to Any Location!**

*Great for phones, tablets, Chromebooks, and more
up to a 14" screen size.*

Clutter-Free

With Adapt4, there is no need for messy AC adapters. Save time by removing cable management processes from your team's workflow.

Efficient USB-C Charging

Powered by Quick-Sense USB-C PD Charging, devices automatically charge quickly and efficiently, with up to 45W output per port.

Easy-to-Scale Solution

The Adapt4 USB-C is a plug and play solution. It provides a hassle-free and more organized way to supplement charging on an organization-wide scale.

Adapt4 Charging Stations were developed to help your organization cut down on disruptions by providing an easy and quick way to add charging in classrooms or central areas. They are a convenient solution for a variety of settings including in 1:1 take-home programs when devices have been drained from prolonged use, as a home for spare devices, or for small device sets. When charging adapters are not present or there are not enough accessible outlets, these stations provide an ideal location to plug in and get the extra boost needed to get through the day's lessons.

Easily Adapt to Evolving Technology Landscapes

Strong, Compact Design

Built to last, this station's durable metal design is perfect for everyday use. It is light enough to be transported, yet large enough for a 14" device.

Wall Mounting Bracket

Use the wall mounting bracket to store the Adapt4 station out of the way. (Adapt4-BRACKET Sold Separately)

Customizable Security

This station provides flexibility for open charging, but it can also be locked for device security. The front door can even be completely removed.

Included

Part Number: ADAPT4-USBC

The part number used for your order may vary due to custom configurations. Contact your IT vendor for your specific part number.

Specifications

- 4 Quick-Sense USB-C PD Charging Ports
- Bay Dimensions: 10"H x 1.3"W x 15"D
- Dimensions: 13.75"H x 9"W x 15.5"D
- Weight: 19 lbs empty
- Input | 120V 50/60Hz 2.2A
- Output | 5V@3A/9V@3A/12V@3A/15V@/20V@2.25A
- 45W output max per USB-C port
- Overcurrent, overvoltage protection
- External, replaceable power cable
- Removable front door with padlock hasp
- Individually keyed padlock with 2 keys included

Warranty

- Station Enclosure | Lifetime
- Quick-Sense USB-C Charging Hub | 2 years
- Cables | 1 year
