NR200 / NR200 WHITE

MCB-NR200-KNNN-S00 / MCB-NR200-WNNN-S00

BIG FEATURES, SMALL SIZE

A core case taking less space

The MasterBox NR200 takes all of the features found in a core performance ATX chassis and efficiently utilizes them in a space less than half the volume. Every feature is thoughtfully laid out in the 18-liter case to maximize component compatibility, ease of use, and thermal efficiency.

Open ventilation and multiple fan mounts bring airflow where it's needed, while generous watercooling and aircooling clearances allow the fitment of coolers that can take advantage of all the airflow. Ample clearance for long, triple-slot graphics cards means no sacrifices are needed in GPU power to take advantage of small form factor sizing. The frame is wrapped in a sleek and tasteful steel chassis that blends in perfectly on top of desk.

FEATURES

Unrestricted Cooling Potential -

The NR200 can house up to 7 fans in total for every cooling configuration imaginable. Five panels are flanked with ventilation for unrestricted airflow. One 92mm and one 120mm Sickleflow fan are included. The compact structure can efficiently house CPU coolers up to 155mm in height and radiators up to 280mm in length, so even the hottest running hardware can't be held back.

Triple-slot GPU support -

Triple slot GPUs are supported with a maximum length of 330mm and maximum width of 156mm allowing the fitment of high-end graphics cards. The rear ventilation contains PCI slots to allow for vertical GPU mounting to better showcase the graphics card (PCI riser cable sold separately)

Easy, Tool-free access -

All external panels and top mounted fans are secured with pins for easy removal, facilitating quick access to the internals without the use of tools.

360 Degree Accessibility -

Every panel and frame part of the NR200 frame can be dismantled. Screws are used to secure the frame parts to allow advanced disassembly and multiple angles to easily work inside of the chassis.

Multiple motherboard support options -

Compatible with Mini-ITX and Mini DTX. The PSU can be front mounted for extra motherboard clearance with a maximum size of 244 x 226 mm.

Out-of-the-box Custom Cooling Support -

Two liquid cooling pump locations alongside side and bottom radiator mounting locations allow for powerful custom water-cooled builds inside a compact enclosure.

High quality materials-

Thick, powder coated SGCC steel keeps the fit and finish of the chassis clean and durable even with harsh traveling conditions.

PACKING INFORMATION

SPECIFICATIONS

Product Name		MasterBox NR200	MasterBox NR200 White
Product Number		MCB-NR200-KNNN-S00	MCB-NR200-WNNN-S00
Exterior Color		Black	White / Grey
Materials	Exterior	SGCC Steel, Mesh, ABS Plastic	
	Left Side Panel	Steel	
Dimensions (L x W x H)	incl. Protrusions	376 x 185 x 292mm	
	excl. Protrusions	360 x 185 x 274mm	
Volume		18.25L	
Motherboard Support		Mini-ITX, Mini-DTX, Max. size: 244 x 226mm	
Expansion Slots		3	
Drive Bays	5.25" ODD	0	
	3.5" HDD	1 (Max. 2)	
	3.5" / 2.5" Combo	1	
	2.5" SSD	2 (Max. 3)	
I/O Panel	USB Ports	2 x USB 3.2 Gen 1 (USB 3.0)	
	Audio In / Out	1x 3.5mm Headset Jack (Audio + Mic)	
Included Accessories		N/A	
Included Fan(s)	Top	1 x 120mm 650~1800rpm PWM SickleFlow	
	Front	N/A	
	Rear	1 x 92mm 650~2300rpm PWM SickleFlow	
	Bottom	N/A	
Fan Support	Top	2 x 120mm	
	Left	2 x 120mm / 2 x 140mm	
	Rear	1 x 92mm	
	Bottom	2 x 120mm (recommended slim fans for GPUs wider than 2.5 PCI slots)	
Radiator Support	Top	N/A	
	Left	120/140/240/280mm (not compatible with vertical GPU installation)	
	Rear	92mm (not compatible with vertical GPU installation)	
	Bottom	120/240mm (recommended only for single slot water-cooled GPUs or vertically mounted GPUs)	
Clearances	CPU Cooler	155mm 76mm (GPU in vertical position)	
	Power Supply	130mm	
	Graphics Card	L: 330mm (incl. power connector) H: 156mm (incl. power connector) W: 60mm (triple slot)	
Dust Filters		Bottom, Left, Right, Top Panels	
Power Supply Support		SFX, SFX-L	
Warranty		2 Years
