The VisionTek USB-C to Ethernet adapter allows you to connect your favorite USB-C or Thunderbolt 3 device to your wired network. This adapter works without any additional power or drivers. Use your wired connection to avoid Wi-Fi or security concerns or to increase your maximum download speed to Gigabit performance. With connection speeds of up to 1 Gbps, the adapter allows fast downloads and uploads. This USB-C to Ethernet adapter features a latching RJ45 connector, so you can fasten and secure the connector to the network cable. Includes support for 10/100/1000 Mbps.

Compatible with both Windows and Mac systems, the USB-C to Ethernet adapter is ideal for mixed system environments at the office or home.
