

Commercial Series 3x1 MENU BOARD CEILING MOUNT

A seamless, professional mounting solution

For 3, 32" ~ 65" TVs with VESA® patterns up to 600x400 and weighing up to 66 lbs. each.

VESA® Patterns Between
100x100mm to 600x400mm

Weight Capacity
up to 66 lbs.

Display Sizes Between
32" ~ 65"

Any Wall Type
Brick, Concrete, or Wood

Tilt Range -6°/+15°

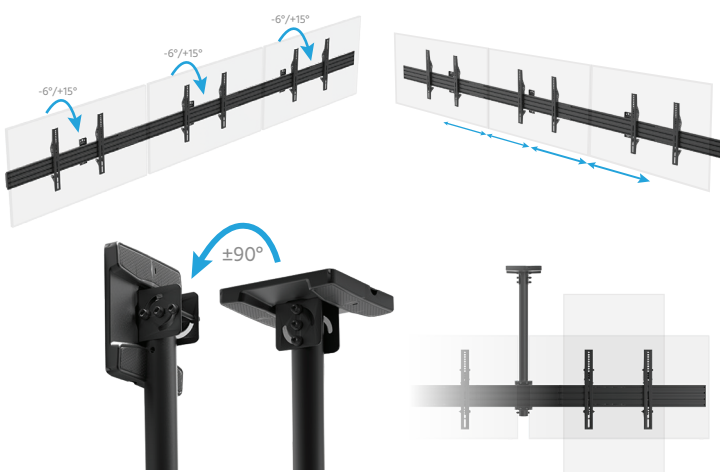

Effortlessly align displays with this hassle-free 3x1 Menu Board TV Wall Mount. The seamless mounting surface perfectly aligns two displays in either portrait or landscape orientation, creating a seamless menu board suitable for restaurants and other public venues. This wall mount is compatible with any wall type and works with 32" ~ 65" displays* weighing up to 110 pounds each. The displays can be independently tilted from -6° ~ +15°, ensuring that you can eliminate glare from any display.

Compatible with Angled Walls & Ceilings: The pole base can be tilted a full 90° to adapt to any ceiling or wall, no matter the angle.

Landscape or Portrait: Install your displays in either a horizontal or vertical orientation, allowing you to present your menu options in a way that best suits your offerings.

Seamless Design: The single-bar mounting plate ensures that your displays are perfectly aligned, creating a seamless menu board separated only by the display bezels. Each display can be independently tilted to eliminate any possible glare or reflections.

ADJUSTABLE & ADAPTABLE
