

GFORCE 3 **PRO** 7200RPM External Hard Drive

Get Faster, Reliable Performance, Everyday.

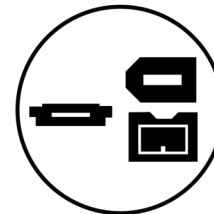

GFORCE 3 is a market tested product and is proven for reliability and quality. Using high quality aluminum, the GFORCE 3 does not need a fan and as it doubles as a heat sink. Versatile sleek design makes it a must have complement to any home or office environments.

GFORCE 3 family of external hard drives is easy to use and an essential unit to any PC or Mac. The pro model is a very fast 7200RPM hard drive which is generally 33% faster than a 5400RPM hard drive. The GFORCE 3 family is made from sturdy and robust aluminum. The aluminum doubles as a heat sink allowing the GFORCE 3 to operate fan-free and silently. It comes with a stand so it can be stored horizontally or vertically to optimize and fit your work space. The GFORCE 3 is great for home and office use where extra data storage is needed.

Generation 1

eSATA and
FireWire 400/800

Compatible with
Windows and Mac
and gaming systems

Home and Office Essential

The GFORCE 3 family of external hard drives is easy to use and an essential unit to any PC or Mac. The GFORCE 3 family is made from sturdy and robust aluminum. The aluminum doubles as a heat sink allowing the GFORCE 3 to operate fan-free and silently. It comes with a stand so it can be stored horizontally or vertically to optimize and fit your work space. The GFORCE 3 is great for home and office use where extra data storage is needed.

Product Engineering

Sleek, Strong Aluminum

Hard bodied aluminum provides protection for drives and doubles as a heat sink to keep temperatures cool and operation quiet

Durable and Consistent

The aluminum doubles as a heat sink allowing the GFORCE 3 to operate fan-free and silently.

Up to 18TB Capacity with Fast Data Transfer

GFORCE 3 external hard drives are available from 1TB to a monstrous 18TB capacity for intensive files. Available in black or silver, GFORCE 3 external hard drives can achieve transfer rates up to 250MB/s.
