## KV-13FS110

FD Trinitron® WEGA® TV

### KEY TECHNOLOGY

#### FD Trinitron® WEGA® Picture Tube

- **Flat-Glass Screen**-Minimizes the Reflection of room lights, reducing glare and geometric distortion.
- **Fine Pitch Aperture Grille**-Allows more electrons to reach the screen surface for brighter, clearer, sharper images.
- **High-Focus Electron Gun**-The focal length of the gun is 30% greater than conventional televisions for better corner focus.
- **High-Precision Deflection Yoke**-Guides the electrons more accurately for superb image clarity.

**3 Line Digital Comb Filter** Compares each horizontal scanning line with the lines above and below. The result is superb horizontal resolution, pure colors and minimized video noise

**Component Video Inputs (Y/Pb/Pr)** Delivers optimum picture quality by supplying separate connections from luminance (Y), blue color difference (Pb) and red color difference (Pr). Ideal for DVD players and digital television (DTV) set top receiver/decoders.

### ADDITIONAL FEATURES

#### Specifications

##### Inputs and Outputs

- Component Video Input (Y, Pb, Pr) 1 Rear
- Composite Input, 1 Rear/1Front
- RF Input, 1 Rear

#### General

- Power Requirements: AC120V, 60Hz

#### Accessories

##### Supplied Accessories

- Instruction Manual
- Remote Control (RM-Y173S)
- AA Battery x 2

#### Weights & Measures (Approx)

- Dimensions (W x H x D): 16" x 13 3/8" x 16" (407x340x411mm)
- Weight: 26lbs 7oz (12kgs)
