

THE NEXT GENERATION OF PORTABLE TECHNOLOGY
 COMPACT PERFORMANCE, INFINITE POSSIBILITIES.

PRODUCT SPECIFICATIONS

Azulle's Access Fanless Mini PC Sticks have set an industry standard for flexible and compact computing. The Access4 sports an edgy new design with the same small form factor, plus more performance than its predecessors. It's available with your choice of operating system (Windows 10 Pro, Linux, or Windows IoT) and an upgraded Intel Gemini Lake processor. The base model will include 4GB RAM/64GB, which it includes a Micro SD card slot to expand storage up to 512GB.

Compatible with any HD enabled TVs, monitors, and projectors; a great solution for dorm rooms, restaurants, classrooms, or conference rooms.

The new USB-C port provides dual monitor capabilities to maximize productivity.

Create a personalized workspace or media center with USB or Bluetooth accessories such as keyboard, mouse, or webcam.

Equipped with Dual-band WiFi and a Gigabit Ethernet port for reliable high-speed connectivity.

4K quality video output at 60FPS for streaming Netflix, Youtube, Spotify, Amazon Prime, and more.

Power delivered technology for external USB hard drives and great network storage capabilities for faster transfer speed.
