HP Z25xs G3 QHD USB-C DreamColor Display (1A9C9AA)

Extraordinary color accuracy and picture-perfect design.

Remove barriers between designer and design with the HP DreamColor Z25x G3 Monitor. Create jaw-dropping visuals with over a billion colors and hyper-realistic contrast in QHD HDR. Work flawlessly in your chosen medium with purpose-built, factory-calibrated color presets for Mac® and PC.

The right colors, right out of the box.
Create with over a billion exceptionally vibrant colors in 99% sRBG and 95% DCI-P3 coverage[1] – all in vivid HDR and QHD resolution. This PANTONE® Validated monitor has user presets that allow creators to optimize their own color space. Choose your workflow with calibrated color presets for web design (sRGB D65), print design (sRGB D50), photography (DCI-P3 D65), HD video (BT.709), or customize one that's for exactly right for you.

Beautifully designed for all creators.
Remove barriers between design and designer with the thoughtfully crafted, frameless experience of this 25-inch diagonal screen monitor. It features a single USB-C® port that connects both video and data and powers either your Mac® or PC. And let's you work comfortably with 4-way adjustable ergonomics.

Easy adjustments for a smooth workflow.
Enjoy an uninterrupted workflow and quickly see every detail of what you're creating by adjusting your monitor's brightness with the touch of a button. Plus a simple joypad lets you switch easily between your color presets.

Featuring

Customize your colors
Need to customize your colors presets? The HP Display Center let's you create 3 additional presets.

HP Zero BrightDot Guarantee
Even if just a third of a pixel fails or is stuck in one position, HP will replace the entire display. [5]

Optional integrated audio
Easily attach the Z Display G3 Conferencing Speaker Bar for stereo quality audio and dual microphones. [6]

3-year limited warranty
3-year limited warranty includes technical support, diagnostic services, and hardware replacement.

[6] Z Display Conferencing Speaker Bar Sold Separately.

Technical Specifications Footnotes

[1] All specifications represent the typical specifications provided by HP's component manufacturers; actual performance may vary either higher or lower.

[2] Lock sold separately.

[4] Included cables may vary by country.

[5] HP-applied uniformity compensation to each Z25xs G3 display, which brings the typical uniform peak luminance down to 266 cd/m² from a 400 cd/m² native peak brightness. Display supports luminance calibration up to 266 cd/m², reserving any luminance headroom for panel aging compensation.
