# TW-210

## DURO Headset (3.5mm)

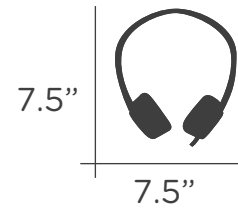

### FEATURES

- 1 "Comfort-First" compression headband
- 2 Ergonomically shaped ear cushions
- 3 Over-ear design
- 4 Durable ABS plastic structure
- 5 Internally angled drivers
- 6 "Memory Flex" microphone boom
- 7 Inline volume control

### ABOUT

The TW210 DURO Headset provides a new level of audio quality, connectivity, and unparalleled comfort in a specially designed over-ear model. ThinkWrite Technologies' "comfort-first" construction and unique ear cup swivel technology minimize external noise infiltration while the flip-down omni directional microphone boom captures diverse vocal qualities and inflections—out of chewing range. Utilizing sensitive omni capsule technology and 40mm drivers for unmatched sound and vocal recording quality, the TW210 is the optimal over-ear headset for everyday usage, wherever you are.
