- Weight: 0.31 lbs.
- Max Load Capacity: 2.2 lbs.

Package includes:

(1) Tripod mount

Whether you need a stable base to shoot photos, steady your webcam to attend an online meeting, or simply need a hand grip while shooting your next video, our Tabletop Phone and Camera Tripod Mount is the perfect tool for use at home, in the office, or anywhere you need to shoot a photo or video. A rugged omni-tilting ball joint easily adjusts to any camera angle – all with 360-degree turn radius. This versatile tripod holds devices in one of two ways. A spring-control bracket cradles any smartphone up to 3¼-inches wide. Remove the bracket, to use the screw mount to securely hold a camera or webcam. When fully open, the tripod base is 5.3-inches in height. To use as a comfortable hand grip, simply close the tripod legs, hold, aim your camera, and shoot.
