PW313D DUALCAM

One webcam to stream two perspectives simultaneously

DOUBLE THE FUNCTIONALITY IN ONE WEBCAM

The AVerMedia DualCam PW313D is a 2-in-1 webcam equipped with two cameras and two microphones to capture two different perspectives simultaneously. Using AVerMedia's CamEngine 4 software users can control settings for how content is displayed. With video today's new norm, the use cases for this powerhouse are limitless, from educational instruction, to legal, product demonstrations and more, the DualCam PW313D is unlike any other webcam on the market.
