

## V7 4K Pro UHD USB Webcam

## WCUHD4KAI

SKU: 09ZX38

The V7 4K Ultra HD webcam streams crystal-clear video with superb resolution, frame rate, and color, with autofocus, 5x digital zoom and AI powered auto framing and presenter tracking, making it the ultimate webcam for video meetings and presentations. Select 4K Ultra HD video at 30 fps, HD 1080p at 30 or 60 fps, and HD 720p at 30, 60 or even 90 fps for spectacular clarity and detail.

Choose between three field of view (FOV) video settings, 65°, 78° or 93° degrees diagonal, whichever angle provides the best view. Use the 5x HD zoom for an even closer or pan the camera view with Electronic Pan-Tilt-Zoom (ePTZ). Meet, stream, and record in any light, from low light environments to bright sunshine, the camera provides auto color-correction and white balance for great results.

You can adjust camera settings with the V7 webcam App for Windows or Mac PCs – control video tracking, color adjustments, firmware upgrades and other features designed to enhance use of the camera.

The webcam mounts easily on most any device, a laptop, LCD display, or you can even attach to most camera tripods. And when your meeting is over, slide the built-in lens cover closed to assure your privacy.

- Ultra 4K HD resolution: 4 times the resolution of a 1080P HD webcam
- 3 selectable dFOV settings through V7 webcam APP: 93°, 78° or 65°
- AI powered auto framing and presenter tracking
- 5x digital zoom and Electronic Pan-Tilt-Zoom (ePTZ)
- Auto light adjustment, color-correction and white balance
- Built-in noise-canceling microphone
- Integrated privacy shutter
- Works with Windows, Mac, or ChromeOS and popular calling and streaming platforms

### General

Sku: 09ZX38  
 Model: WCUHD4KAI  
 UPC: 662919116175  
 Warranty: 2 years
