MORPHEUS^{360™}

BT5850 Series SOUND STAGE WIRELESS PORTABLE SPEAKER

■ True Wireless Stereo

pair two Sound Stage speakers together, then connect to a Bluetooth enabled device to create a 3D Sound Stage to form a true wireless stereo system. Position the Bluetooth Speakers up to 30 feet apart to enjoy 360 degree sound

■ Water Resistant

tested to protect your device from high-speed water jets, so if you were to get caught in a powerful rain storm or heavily splashed when poolside, your speaker is protected

■ 12 Watts Loud

We designed our Bluetooth Portable Speaker with Dual 6 Watt Drivers and positioned them on opposite sides of the enclosure, to produce a 3D sound stage to provide 360 degree surround sound. Then we added 1.5-inch Passive radiators on both ends for thumping bass

■ Built-in Microphone

never miss a call while listening to your favorite tunes, with our built-in microphone, you can pickup calls while enjoying your favorite playlist

■ USB Type-C Charging

we engineered our Sound Stage Wireless Portable Speakers with USB Type-C charging compatible with PD (Power Delivery) Adapters, allowing you to keep your speakers charged with the latest and most convient charging method

True Wireless Stereo

Water Resistant
