

Keep the conversation going, anywhere

Workers in and out of the office need a Bluetooth® headset that moves with them. Voyager 5200 Office Series headset system sounds professional in any environment whether connected to a desk phone, PC or mobile.

Distraction-free calling

Sound professional in any environment when connected to a desk phone, PC or mobile. Six layers of WindSmart technology and four omni-directional mics reduce distracting background noise, so nothing gets in the way of a clear connection.

Connections made easy

Simplify your workspace with the Voyager 5200 Office base. Designed for those who need seamless connectivity for desk phones and PCs. And conversations keep flowing as you can easily transition to your mobile device via Bluetooth®.

Make it your own

Customize your personal Poly devices with the powerful desktop or web-based Poly Lens app. Set audio settings for each device based on your workstyle.

Featuring

Four-mic noise canceling

Cutting edge noise canceling technology eliminates background noise, so your voice always sounds clear. Four-mic array and our adaptive Digital Signal Processors (DSP) work together to cancel disruptive background noise.

Smart sensor technology

Smart sensors know when the headset is on or off; calls can be easily answered by simply putting on the headset; pause music for incoming calls or mute a call by taking the headset off.

Take the call anywhere

Six layers of our unique WindSmart technology detect wind direction and respond accordingly so your voice comes through clearly – especially outdoors.

Enhanced audio alerts

Headset announces the names of incoming callers and waits for you to say “Answer” or “Ignore” allowing you to manage your calls using voice commands.

Two-way base

Easy connectivity options for your different communication needs. Voyager 5200 Office Series two-way base connects to your desk phone via telephone interface or EHS cable and to your PC via USB-A cable. ^[1]
