

DisplayPort over Cat6 Pigtail Receiver with Repeater, 4K 60 Hz, 4:4:4, Transceiver, HDCP 2.2, 230 ft. (70.1 m), TAA

MODEL NUMBER: B127U-110-PD

Works with a B127U-Series transmitter or splitter to extend 4K video via Cat6 cable to a DisplayPort monitor up to 230 ft. away.

Features

DisplayPort Extender Receiver Recommended for Digital Signage in Schools and Businesses

This 4K receiver is recommended for video presentations in conference rooms, schools, trade shows, meeting facilities, houses of worship, retail settings, hotels and other digital signage applications where the source and display are farther apart than conventional A/V cables allow. When connected to a B127U-Series transmitter, the B127U-110-PD helps extend 4K signals from a DisplayPort or HDMI source to a DisplayPort monitor up to 230 feet (70.1 meters) away with zero latency via user-supplied Cat6 cabling. The one-foot pigtail design makes the receiver easy to install, especially in a tight space.

Transmits 4K Video with Multi-Channel Audio, HDR and 4:4:4 Color

The B127U-110-PD supports Ultra HD resolutions up to 3840 x 2160 (4K x 2K) at 60 Hz with uncompressed DTS-HD, Dolby TrueHD and 7.1-channel digital audio. High Dynamic Range (HDR) provides a wide range of vibrant colors with richer contrast, brighter whites and deeper blacks that pop on your 4K display. HDCP 2.2 compliance allows you to stream 4K content with no complications. This receiver also supports 4:4:4 chroma subsampling for top-level PC gaming or using your HDTV as a PC monitor.

Create Daisy-Chain Installations with HDMI Outputs, DisplayPort Outputs or Both

The B127U-110-PD can be connected to additional B127U-110-PD DisplayPort receivers or B127U-110-PH HDMI receivers (sold separately) in a four-link daisy-chain installation. Each additional receiver adds up to 230 feet (70.1 meters) to the maximum video transmission distance and up to a total of 920 feet (280 meters) for the entire installation. *Note:* See the installation diagram in the owner's manual for more information.

Multi-Resolution Support Allows Mixing and Matching of Displays of Different Resolutions

The B127U-110-PD is backward compatible with 4K/30 Hz and 1080p resolutions via automatic switching, allowing each connected monitor to display video at its maximum resolution without affecting the other outputs.

Plug-and-Play Operation for Quick Setup and Immediate Use

The receiver works right out of the box with no software required. A one-foot USB-A pigtail connector is the primary power source. Plug the USB connector on the receiver into a USB-A power adapter (such as U280-W01-QC3-1, sold separately) or USB-A port on the connected display. User-supplied 24 AWG Cat6

Highlights

- Supports UHD resolutions up to 4K @ 60 Hz (4:4:4) with High Dynamic Range (HDR)
- Lightweight pigtail receiver is USB-powered through display or power adapter
- Can be daisy-chained up to 4 times (920 ft. total) via additional receivers
- Plug-and-play operation with no software required for easy, immediate installation
- Compliant with the Federal Trade Agreements Act (TAA) for GSA Schedule purchases

System Requirements

- Source device with DisplayPort or HDMI output (computer, laptop, media server)
- Display device with DisplayPort input (HDTV, projector, monitor)
- B127U-Series transmitter or splitter

Package Includes

- B127U-110-PD DisplayPort over Cat6 Receiver
- Owner's manual

cabling connects the transmitter and receivers. **Note**: The receiver can also be powered through its Micro-USB port.

TAA-Compliant for GSA Schedule Purchases

The B127U-110-PD is compliant with the Federal Trade Agreements Act (TAA), which makes it eligible for GSA (General Services Administration) Schedule and other federal procurement contracts.

Specifications

OVERVIEW			
UPC Code	037332281272		
Product Type	DisplayPort over Cat6 Receiver with Repeater		
Technology	Cat6; DisplayPort; USB		
Host Connector	DISPLAYPORT (MALE)		
VIDEO	VIDEO		
Video Input	RJ45 (FEMALE)		
Video Output	DISPLAYPORT (MALE)		
Number of Monitors Supported	1		
Video Ports	DISPLAYPORT (MALE)		
Video Ports Details	HDCP 1.4; HDCP 2.2; DisplayPort 1.2		
Resolutions Supported	Up to 4K (3840 x 2160) @ 60 Hz		
Supported Resolutions	1280x720 (720p); 1920x1080 (1080p); 1920x1200; 2560x1600; 3840x2160 (4K)		
Max Supported Video Resolution	3840 x 2160 (4K) @ 60 Hz		
Max. Distance (Between any 2 Units)	230 ft.		
Max. Distance (Between any 2 Units) (Meters)	70		
Max 1080P Range (ft)	230
