Extreme Shell®-F Slide Case V2

Refined design with added screen protection

Protect Chromebooks with slide-on ease and enhanced screen protection in an updated, lightweight design. With refined top design, the Extreme Shell-F Slide Case* V2 reduces carrying weight, without sacrificing durability or protection, while providing a sleek and easier-to-clean surface. The innovative slide design disperses pressure evenly around the entire perimeter, for a snug fit that eliminates pressure hotspots around the screen. Layered bumpers maximize protection with soft, shock-absorbing TPU next to the device and an outer covering of rugged scratch-, dirt- and oil-resistant TPE. The overhang corners add protection without added bulk, while the clear, rigid top and bottom panels prevent exterior damage and provide visibility for stickers and asset tags. The custom fit ensures easy access to all buttons and ports. For added convenience, the V2 design accommodates a handy carrying strap that fits snuggly against the case (sold separately).
