

Logitech G Compass Premium Broadcast Boom Arm

Attached microphone shown in image is not included and sold separately.

Logitech G Compass is a premium tube-style desktop boom arm with internal springs and hidden-channel cable management, ideal for broadcast applications like game streaming. With smooth, quiet operation and sophisticated on-camera looks, Compass is perfect for mics weighing up to 2.4 pounds (1.1 kg), including Yeti GX and Blue Sona.

WHAT'S IN THE BOX

- Compass desktop boom arm
- C-clamp for desktop mount
- 3/8" to 5/8" adapter
- User documentation

FEATURES

- Broadcast studio-grade design with enclosed aluminum construction and internal springs
- Hidden channel cable management system for sophisticated on-camera looks
- Hand-tightened friction hinges for smooth, quiet operation during streaming sessions and easy set up
- 32-inch reach (81 cm) and 360-degree rotation for maximum maneuverability
- Premium quality mic boom arm designed for Yeti GX, Yeti, and other professional broadcast mics
