SANCTUARY

WIRELESS NOISE CANCELING HEADSET WITH BOOM MICROPHONE

Bluetooth® 5.3

Digital Signal Processing

supports a truly wire-free listening experience, with robust connectivity when making calls and listening to music, an easier pairing experience and longer battery life.

Active Noise Canceling

detects and virtually eliminates background noise such as automobile traffic and airplane engines by up to 18dB to allow you to focus on what's important. Turn the ANC Button off when you need to hear what is happening around you, while still listening to music or movies.

Noise Canceling Boom Microphone

We use a specialized IC to provide the noise cancellation in our Boom Microphone. The technology allows us to identify the source of the noise and electronically filter it out of the conversation

Protein Leather Ear Cushions

designed to deliver comfort, with memory foam insulation and soft protein leather earpads, to simulate the natural feel of leather on your skin

Universal Communication Standard

built with compliance to the UC standard that works with all compatible communication software including Microsoft® Teams, Zoom, Google Meet, WeChat, WhatsApp, Skype and more.
