

HPE Networking Instant On Access Points AP27

What's new

- Wi-Fi CERTIFIED 6™ support for up to 75 user devices.
- Provide Wi-Fi for the outdoors.
- IP67 rated for outdoor use from -40°C to 60°C.
- The hardened external shell protects from rain, wind, and dust.
- Great at extending Wi-Fi to a patio, outdoor workspace, or curbside deliveries.
- Introducing new TEC Certified SKU (S3U62A) for India

Overview

The HPE Networking Instant On Access Point AP27 is a dual radio outdoor access point designed to keep your employees and customers productive outdoors. This Wi-Fi CERTIFIED 6™ access point supports up to 75 simultaneous users and offers modern Wi-Fi standards in a robust, tough casing. These dual-band semi-directional radios offer impressive range and the same great features as other enterprise-class access points, but without any ongoing subscription fees. The AP27 features integrated wall- or pole-mounting brackets in a ruggedized casing for flexible mounting configurations in outdoor environments. The AP27 offers Power over Ethernet (PoE) 802.3af (Class 4) with a fully-integrated management experience in the Instant On mobile app or web portal.

Features

Built to Withstand the Elements

The HPE Networking Instant On Access Point AP27 is water- and dust-resilient built to IP67 standards that make it suitable for outdoor use

The hardened outer shell is capable of withstanding the bitter cold and harsh temperatures of all seasons.

An operating temperature as low as -40°C and as high as 60°C makes the AP27 ideal for any environment.

Create a Custom Guest Access Experience

HPE Networking Instant On Access Point AP27 creates a new avenue of revenue by providing connectivity to customers and employees in outside spaces

Guests and Employees experience quick and easy onboarding with the free-to-setup captive portal from the Instant On app, or a web portal.

Keep customers engaged and staying longer with easy and intuitive guest access and be sure employees are more productive with any time wireless access.

802.11ax Wi-Fi Certified 6

The HPE Networking Instant On Access Point AP27 features Orthogonal Frequency-Division Multiple Access (OFDMA) which allows access points to handle multiple Wi-Fi 6 capable clients on each channel simultaneously, improving efficiency by boosting overall capacity and reducing latency.

Target Wake Time (TWT): Ideal for IoT devices that communicate infrequently, TWT establishes a schedule for when clients need to communicate with an AP, thereby reducing power consumption and extending client battery life.

Multiple Input, Multiple Output (MIMO) allows the access point to serve multiple clients (Wi-Fi 5 and Wi-Fi 6) simultaneously.

Technical specifications**HPE Networking Instant On Access Points AP27**

Certifications	Wi-Fi Alliance certified (WFA) 802.11ax with (Wi-Fi 6), WPA2, WPA3
Input voltage	PoE: 802.3at (class 4) DC power (12V) Note: Power sources are sold separately unless you purchase the bundle SKU
Wi-Fi antenna	Antennas: Dual omni-directional 2x2 MIMO Antenna Gain: 3.2 dBi in 2.4GHz 5.4 dBi in 5GHz Maximum transmit power: 5GHz band: +25 dBm (+22 dBm per chain, 3 dB MIMO gain) 2.4GHz band: +25 dBm (+22 dBm per chain, 3 dB MIMO gain)
Connectivity, standard	Ultra-fast 802.11ax
Ports	1 GbE Base-T uplink port LED status indicators Reset button Kensington security slot
Mounting	Wall-mount bracket
Power consumption	Max power consumption: 14.6W (PoE)
Radio coverage	Dual-radio 802.11ax 2x2 5GHz MIMO 2x2 2.4GHz MIMO
Warranty	Instant On 2-year warranty includes 24X7 phone support for the first 90 days and chat support for the entire warranty period. Community support is available for the life of the product.

HPE Aruba Networking Services

HPE Aruba Networking services simplify and accelerate the network technology lifecycle, enabling your network to scale with better predictability and cost-effectiveness. Whether you operate your own network and need to improve your IT efficiencies, or you want to offload some of the burden, we have the services you need to reach your goals.

Learn more about what HPE Services - Aruba Networking has to offer at: <https://www.hpe.com/edge/services>

Support Services

Our support portfolio provides the essential support elements as well as proactive and preventive features to help you improve your team's productivity and get the most from your network. Our support customers benefit from faster issue resolution, simplified operations and efficiencies, and reduced network issues.

Professional Services

With deep intellectual capital and purpose-built tools, our team delivers a range of standard and custom professional services designed to accelerate your value from HPE Aruba Networking technology.

Project based services include: Annual subscription services include:

- Planning, audit, and assessment
- Architecture review and design
- Deployment, migration, and knowledge transfer
- Network optimization
- Intelligent Operations
- Customer Experience Management

Our [Education Services](#) allow your team to come up to speed quickly.

HPE GreenLake for Networking

Our NaaS solution, is part of the HPE GreenLake services family, and simplifies network operations, accelerates equipment handling, and increases the value of your HPE Aruba Networking solution. If you need expert guidance and automation-based operations for your team, please explore our NaaS approach through HPE GreenLake for Networking.
