Wall-mounted instructions

The Unit has two wall-mount slots on its bottom panel.
Before you begin, make sure you have two screws that indicate a diameter measurement of 0.1377 inches (4.0mm).
(1) Determine where you want to mount the modem.
(2) Drill two holes into the wall. Make sure adjacent holes are 4.51 inches (114 mm) apart.
(3) Maneuver the modem so the wall-mount slots line up with the two screws.
(4) Place the wall-mount slots over the screws and slide the modem down until the screws fit snugly into the wall-mount slots.
(5) Screw type T3 x 15mm x 2
The equipment power supply cord shall be connected to a socket-outlet with earthing connection.

Certifications

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference.
- (2) This device must accept any interference received. Including interference that may cause undesired operation.

Waste electrical and electronic products must not be disposed of with household waste. Please recycle where facilities exist. Check with your Local Authority or Retailer for recycling advice.

Applies to PoE Products Only: This product is to be connected only to PoE networks without routing to the outside plant.

Note

The Manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.

Advertencia

En todos nuestros equipos se mencionan claramente las características del adaptador de alimentación necesario para su funcionamiento. El uso de un adaptador distinto al mencionado puede producir daños físicos y/o daños al equipo conectado. El adaptador de alimentación debe operar con voltaje y frecuencia de la energía eléctrica domiciliar existente en el país o zona de instalación.
